

To: Distribution

From: Emma I. Darnell, Vice-Chair, District 5  
Fulton County Board of Commissioners

Subject: **SPECIAL REPORT: "WHAT'S IN YOUR NEIGHBORHOOD?"  
HOW CLOSE IS TOO CLOSE?**

Date: May 22, 2013

---

According to the most recent science, racial and language minorities within Fulton County including unincorporated Fulton live closer to pollution points established by state/federal agencies than other residents of Fulton County. (Patterns of Pollution, GreenLaw, March 2012, "Methodology") These areas also have poorer health status than other areas of Fulton County according to public health officials. We value your opinion. Will you complete the survey below by logging onto [www.EmmaDarnell.com](http://www.EmmaDarnell.com).

Should the Board of Commissioners establish distance requirements between a pollution point and a minority or low-income neighborhood where a pollution point is now located?

For more information, contact Commissioner Darnell by e-mail at [emma.darnell@fultoncountyga.gov](mailto:emma.darnell@fultoncountyga.gov) or by phone at (404) 612-8222.
